Experience

Social Awareness Intern　　　　　　　　　　　　　　　　　　**May 2024 – August 2024**
We Hope We Care Foundation　　　　　　　　　　　　　　　　　　　　　　*Remote*

- Successfully completed 3-month internship focusing on community outreach and social impact initiatives
- Participated in on-field drives and awareness campaigns to promote social causes and community welfare
- Developed communication and leadership skills through direct community engagement
- Collaborated with team members to organize and execute multiple awareness programs

Projects & Exhibitions

TechXplore Project Exhibition Participation | *Web Development*　　　　　　　　**August 2024**

- Participated in TechXplore - A Project Exhibition organized by School of Engineering, BBD University
- Demonstrated technical project showcasing web development skills and innovative problem-solving
- Presented project to academic panel and industry professionals

Certifications & Professional Development

ReactJS Foundations Course | *ScholarHat*　　　　　　　　　　　　　　　　**August 2025**

- Comprehensive training in React.js fundamentals, component development, and modern JavaScript
- Certificate ID: JFWX120825

Introduction to Generative AI | *Google Cloud - Simplilearn SkillUp*　　　　　　**August 2025**

- Gained foundational understanding of AI technologies and their practical applications
- Certificate Code: 8776454

Introduction to Prompt Engineering | *Simplilearn SkillUp*　　　　　　　　　**August 2025**

- Mastered techniques for effective AI prompt creation and optimization
- Certificate Code: 8776030

AI for Beginners | *HP LIFE Foundation*　　　　　　　　　　　　　　　　**August 2025**

- Comprehensive overview of AI impact on technological landscape and business applications
- Learned key AI concepts, data importance, and ethical implications

Become an AI-Powered Marketer | *Semrush Academy*　　　　　　　　　　　**July 2026**

- Advanced training in AI-driven marketing strategies and automation tools
- Certificate ID: b4b295d293

AI-Powered Shopping Ads Certification | *Google* **July 2025 – July 2026**

- Specialized certification in Google's AI-powered advertising solutions
- Certificate ID: 154672281

SEO Crash Course & Content-Led SEO | *Semrush Academy* **2024**

- Comprehensive training in search engine optimization and content marketing strategies
- Mastered both technical SEO and content-driven optimization techniques

Cybersecurity Fundamentals | *Tech Mahindra Foundation - Skill India* **August 2025**

- 10-hour intensive course covering cybersecurity principles and best practices
- Gained understanding of network security, threat assessment, and risk management

Data Analysis: Visualizations in Excel | *The Open University - OpenLearn* **July 2025**

- 6-hour course exploring advanced Microsoft Excel functionalities for data analysis
- Course Code: B126_1

Web Applications Architecture | *The Open University - OpenLearn* **July 2025**

- 8-hour course covering design and implementation of computer software architecture
- Course Code: TT284_1

Achievements & Activities

Academic Excellence: Consistently maintaining strong academic performance in Computer Science Engineering program
Professional Development: Completed 10+ professional certifications across web development, AI/ML, and digital marketing
Community Engagement: Successfully contributed to social awareness campaigns through 3-month internship
Technical Participation: Active participant in university technical exhibitions and project showcases
Continuous Learning: Demonstrated commitment to staying current with emerging technologies and industry trends

Career Objective

To leverage my technical expertise in web development, AI technologies, and digital marketing to contribute to innovative software solutions while continuing to develop leadership qualities and drive organizational success through hard work and dedication.
